

## English

We will be reading *The Enchanted Horse* in English this term and using it as a stimulus for writing diary entries in the role of characters as well as instructional texts.

Later in term we will use sections of *Charlie and the Chocolate Factory* to help build better vocabulary and develop complex sentences.

## Science

We will be focussing on grouping, or classifying, living things according to similar features.

The children will investigate different habitats of living things and look at the positive and negative impact of humans.

We will also learn how to create a key to help organise and group living things.

## Music

In music we will be focusing on performance and take the lead in the Christmas production.

## MFL

We will be learning numbers, shapes and colours in French.

## Maths

This term Our focus is place value, counting on in multiples of 6, 7, 9, 25 and 100.

We will also be identifying the value of digits in larger numbers and ordering them.

We will round numbers and start to read Roman numerals.

Children will use formal methods for addition and subtraction and use this to solve word problems.

## Curriculum Overview

Year 4

Autumn 1

## Humanities

In history we will be looking at the Ancient Greeks and exploring ways that they have influenced society today, for example with democratic voting.

We will also learn about Gods and Goddesses and Greek mythology.

## Creative Arts

Linking with our science topic, we will be creating different habitat using collage to show different textures and features.

## PSHE

We will start looking at our Jigsaw programme which this terms focuses on ourselves and our place in the world.

## RE

We will be learning about the Muslim faith and their main teachings.

## PE

PE will involve skills in games including catching and passing a ball accurately while moving, and understanding tactics and rules of games.

## Computing

This term we will be making a start with coding and look at how we can use Microsoft well.
