

English

We will be studying 'Vlad and the Great Fire of London' by Kate and Sam Cunningham in keeping with our history topic. We will be developing skills like coherent sentence writing, using conjunctions, diary writing and recipe writing. We will continue practicing our reading comprehension as well as our joined-up handwriting.

Science

Is a chocolate teapot useful?

This term's science unit is about everyday materials and their uses. The children be learning to identify a variety of materials and substances as well as conducting experiments and testing materials' properties by squashing, bending, twisting and stretching!

Music

We will be looking at rock 'n' roll music this term as well as studying beat and different sounds.

MFL

Starts in KS2

Maths

Using the 'Maths Mastery Programme we will look at :

Measuring in metres and centimetres.

Graphs.

Multiplication and division in 2, 5 and 10.

We will also be practicing time-telling, shape recognition and using number lines to add and subtract amongst other things.

Humanities

History: Who started the Great Fire of London?

We will be learning about the Great Fire of London of 1666. Where it started, who started it, how big it was and other delightful facts.

Creative Arts

We will be drawing the burning London skyline with pastels and paints on black paper.

We will be learning to bake bread in a DT session in the middle of the term.

Curriculum Overview

Year 2

Autumn 1

PSHE

This term we will be looking at celebrating our differences following our 'Jigsaw' programme of study. We will talk about our differences and similarities during these sessions.

RE

This term we focus on Christianity and also find out about religious symbols.

PE

We are doing gymnastics this term in PE. I will be teaching the children about movement, balance, control and of course fitness!

Computing

We will be using espresso to continue to learn about coding and algorithms.
